Dear Diane,

The Tonto Amateur Radio Association would like to express its sincere gratitude for your support of our organization by sponsoring the radio advertisement for our recent Field Day activities in Payson. Your sponsorship not only benefited us, but also our local Community Radio station KRIM-FM 96.3. Support such as this, from local businesses that care about the quality of life in Rim Country, is what makes this area such a wonderful place to live and work.

The Tonto Amateur Radio Association (TARA) is a group of local Amateur Radio Operators (HAMs) that are dedicated to the enjoyment, growth and advocacy of access to the radio spectrum as well as service to our community through education and emergency communication efforts.

Once again, thank you for your support.

Sincerely,

Bruce Johnson - President
